Neither in the retaining of his able, accomplished and experienced Principal, nor in the selection of her fellow-laborer, nor in his other provisions, has the subscriber spared any thing that may make his Institution worth of the patronage it has continued to receive. It has been facciously said, that it was our over-colored advertisements that has filled our school from all parts of Virginia, and from fice other States. It so, what is it that has retained them seasion after seasion, returning and bringing with them "more othe same sort," forming a select class of the best, leveliest and most intellectual young ladies that any school in the Union can show?

The few who have entered other Institutions have, invariably, taken the highest stand in all the classes. Two States, Vermont and Massachusetts, of all the proud galaxy that carried General Taylor so triumphantly through, two States alone remain. Had Mr. Webster lived, doubtless poor little Vermont, the one solitary. Whig star that never ets-the North star of the Whig party-would have stood 'solitary and alone," "the lone star" of Scott and Graham. By the beard of the prophet, but this is wonderful work-it is a tornado-it is a miracle-it is a revolution-it is a great revolution-but by acclamation.

THE ELECTION.

But a few additional returns have been received since our last issue. The only States now in doubt are Kentucky and Tennessee. In North Carolina the whig ticket gains on the whig vote for governor in August, but the probability is that the State will give about 2,000 majority for Pierce. The Charleston papers of the 5th contain some returns by telepers bring returns sufficient to show that the regular demo cratic ticket in that State will have a majority over all others. This is a signal triumph !

His sturdy refusal to be coaxed or beaten out of his Gene al-in-Chieftainship, evinces a certain degree of distrust of the electioneering venture. Certainly, no man can better spare additional honors. He has received the highest to kens the soldier is entitled to, for his finest achievements." "The Electioneering venture!" who got him into it?-tell us that.

The N. Y. National Democrat nigh up "breaks its straps' with joy over the election result. Here are a couple of paragraphs: "The Whip party bears up manfully under its thorough de

feat. Indeed, it displays so much equanimity, and argues upon it with so much philosophy, that we have a shrewd idea that the defeat was fully expected, and the boasting up, to the day of election, was merely kept up for the sake of prearances." "Then the people were sick and ashamed of the weak and cowardly spirit of the Whig a iministration towards those oreign nations who have insulted our flag, violated our na

tional zeal, imprisoned our people without a cause, and murdered our citizens without trial." The N. Y. Journal of Commerce says, over a long table of results: "The following statement of the result of the Presiden

tial Election on the 2d inst., is sufficiently correct for all practical purposes. So lat as now appears, Scott will have only Vermont and Massachusetts, giving an aggregate of 18 Electoral votes, out of a total of 296. Such a one sided contest has not occurred at any Presidential election since 1820, when James Monroe received all the Electoral votes ave one. This was his second term."

The N. Y. Herald on the election issue, has the following:

"The most overwhelming defeat that has been witnessed since the days of Monroe, has rewarded the adroit schemes of the Sewardites. All the glory of Scott, all the military sentiment with which the people are supposed to be imbued, all the glorious associations of the war of 1812 and of Mexico, have not availed to secure for the Seward candidate even a tecent minority. The whole country, North and South, and East and West, have emphatically pronounced judgment, in voice of thunder, on the nefarious plots of those who Gen. Pierce labored at first-heavily as the injudicious sup Gen. Pierce labored at Irst.—neavity as the injudicious sup-port of foolish friends militated against him during the can vass—the whole Union, with unanimous voice, has pronounced in his favor. The N. Y. Express says of the "localer"

"Hopes are yet indulged, in some quarters, that this or that Whig candidate may be elected—but there is no hope. "Ogden Hollman is one for whom hope has existed, but he is defeated by over 8,000 votes. James Kelly, for sheriff, fares about the same.
"The Electoral ticket has dragged down about everything in the city, even to the poor constables. Now and then there is a monument of the quondam existence of the Wnig party here, as in the 15th Ward, where Wm. ALL HONOR TO THE NORTH .- We unite in the language of the Washington Union, most heartily, in saying: "It is most gratifying and cheering to note the fact that the Democratic party of the North has risen with resistless power, and, by its own vote, done enough to place in the Presidential Chair the candidate designated first by the
